¿WHAT IS HABAWABA PLUS?

HaBaWaBa is an English acronym meaning "Happy Baby Water Ball", symbolizing the joy of a child practicing "the sport played with the ball in the water".

It is the most relevant and visible water polo festival among children of **formative categories** worldwide, created by the Italian organization Waterpolo Development in 2008.

The HaBaWaBa Plus was born in 2016 with the intention of extending the HaBaWaBa experience beyond the age of 12. The tournament adapts the values and philosophy of "fair play" to the last of the stages considered training in water polo, the mixed children's category.

After six successful editions of HaBaWaBa Spain, the second edition of **HaBaWaBa Spain PLUS** arrives in **Lloret de Mar**.

The Olympic swimming pool in Lloret, a four-star hotel with the best facilities and an environment such as the Costa Brava are the ideal setting to start the new year in the best way.

PHILOSOPHY

- Enjoy a team sport and **have fun** in and out of the water.
- Promote **fair play**, inclusion, **respect** and **coexistence** among children from different cultures and backgrounds.
- To create an **atmosphere** conducive to the promotion of water polo by bringing together children, coaches, family members and fans.
- To spread the **passion for water polo** in the five continents and, in parallel, the noble values of sport and coexistence.

To energize and encourage the teams beyond the competition, the HaBaTalent is born, a talent contest created at HaBaWaBa Spain 2019. In addition, one of the nights there will be an **interactive quiz about water polo** and general culture in which players will compete in teams and will be able to win amazing prizes.
